May 2016

EXPERIENCE

Google Code-In

Intern

ZULIP

DEC 2017–JAN 2018

Zulip combines the immediacy of real-time chat with an email threading model. With Zulip, you can catch up on important conversations while ignoring irrelevant ones.

amFOSS

Member

2019–Present

amFOSS is the Free and Open Source Software club of my college. I have been an active member of the community from the time I joined college. I actively take part in all events and also help in organizing events hosted by amFOSS. I have also taken responsibility for the monthly sports sessions that the community has.

Read The Docs

Contributor

2015–2016

Read the Docs simplifies software documentation by automating building, versioning, and hosting of your docs for you.
